

Steps to Download Apps on your iPhone

1. On the Home page of the iPhone, find the '**App Store**'.
2. Tap on the icon and 'search for ' **SmartBridges** App .
3. Tap on the **Smartbridges by Mobilesutra** icon to download.
4. If you already have an Apple id, press on Free button. This will take you to step Six.
5. If you do not have an Apple Id then click on **Create Apple ID Button**.
Follow all the steps of Apple ID creation.
6. Then, you are taken to a page where it shows the **'Install App'**. There is also a description of the App, a few pictures of the App, and 'Rating'.
7. Tap on **'Install App'** and enter your App Password.
8. You will exit the page and will be taken to the app. The app will show 'Loads' first and then 'Installs'.
9. When '**Download**' is completed, enjoy the app
